## **I. Introduction**

Hiring of part-time domestic workers in Hong Kong can be done through direct hiring or agencies. Usually, part-time workers hired through an agency can only assist in specific tasks such as cleaning service or childcare.

## **II. Direct Hire**

Direct hiring for part-time domestic workers is usually advertised through online forums such as Geoexpat and Asiapat or through the online portal provided by the Labor Department. Employers need to be aware that hiring a foreign domestic worker (FDH) currently working for a full-time employment visa is illegal and doing so risks heavy penalties by the Hong Kong government for both parties.

For more information please refer to the Hong Kong Government's website:

<https://www.gov.hk/en/residents/employment/recruitment/localdomestichelper.htm>
